

**BAW M08EI-UAD25F-BP03**  
**Inductive Distance Sensors**

**Working range 0,5...2,5 mm**  
**Output signal 0...10 V**

**Electrical data:**

|                                             |          |
|---------------------------------------------|----------|
| Connection                                  | cable    |
| Rated operational voltage DC                | 24 V     |
| Rated insulation voltage (Ui)               | 250 AC   |
| Electrical type                             | DC       |
| No-load supply current I <sub>o</sub> at le | 8 mA     |
| Supply voltage ripple                       | 15 %     |
| Switching element function                  | 0...10 V |
| Supply voltage max. (U <sub>b</sub> )       | 30 V     |
| Supply voltage min. (U <sub>b</sub> )       | 15 V     |
| Output voltage s <sub>l</sub> max           | 10 V     |
| Output voltage s <sub>l</sub> min           | 0 V      |
| Cutoff frequency (-3dB output amplitude)    | 1000 Hz  |
| Load resistance min (R <sub>L</sub> )       | 2000 Ohm |
| Output voltage at s <sub>e</sub>            | 5 V      |
| Temperature compensation                    | no       |
| Linear range max (s <sub>l</sub> )          | 2,5 mm   |
| Linear range min (s <sub>l</sub> )          | 0,5 mm   |
| Non-linearity                               | ±60 µm   |

**General data:**

|                             |       |
|-----------------------------|-------|
| Supply voltage indicator    | no    |
| Degree of protection IP     | IP 67 |
| Insulation class            | 2     |
| Polarity reversal resistant | yes   |
| Protected against reversal  | yes   |

**Mechanical data:**

|                                            |                            |
|--------------------------------------------|----------------------------|
| Ambient temperature min (T <sub>a</sub> )  | -10 °C                     |
| Sensing face material                      | PBTP                       |
| Housing material                           | corrosion resistance Steel |
| Cable sheath material                      | PUR                        |
| Repeatability                              | 3 %                        |
| Cable diameter D                           | 3,1 mm                     |
| Working area max (s <sub>a</sub> )         | 2,5 mm                     |
| Working area min (s <sub>a</sub> )         | 0,5 mm                     |
| Time delay before available max            | 1 ms                       |
| Measurement velocity                       | 10 m/s                     |
| Opt. working temperature max.              | 50 °C                      |
| Opt. working temperature min.              | 10 °C                      |
| Temperature coefficient max.               | 8,0 µm/K                   |
| Temperature coefficient min.               | 0,0 µm/K                   |
| Temperature coefficient typ.               | -1,5 µm/K                  |
| Repeat accuracy                            | ±10,0 µm                   |
| Adjustment indicator                       | no                         |
| Midpoint of linear range (s <sub>e</sub> ) | 1,5 mm                     |
| Cable code designation                     | LiY-11Y-0                  |
| Cable length                               | 3 m                        |
| Mounting                                   | non flush mountable        |
| Ambient temperature max (T <sub>a</sub> )  | 70 °C                      |

**Wiring:**
