

BES R01ZC-PSC70B-BX05-101  
BES02PL

PNP  
NO  
flush mountable

#### Electrical data:

|                                |         |
|--------------------------------|---------|
| Connection                     | Cable   |
| Electrical type                | DC      |
| Switching output               | PNP     |
| Switching element function     | NO      |
| Time delay before availability | 20 ms   |
| No-load supply current damped  | = 15 mA |
| Supply voltage max. (Ub)       | 30 V    |
| Supply voltage min. (Ub)       | 10 V    |
| Rated operational voltage (Ue) | 24 DC V |
| Load current capacity (Ie)     | 200 mA  |
| Hysteresis max. (H)            | 15 %    |
| Operating frequency (f)        | 150 Hz  |
| Voltage drop max. static       | 2,5 V   |
| Utilization category           | DC 13   |
| Off-state current max. (Ir)    | 80 µA   |
| Ripple max. of Ue              | = 10 %  |

#### Mechanical data:

|                               |                                  |
|-------------------------------|----------------------------------|
| Number of wires               | 3-wire                           |
| Assured operating distance    | 0...5,6 mm                       |
| Cable code designation        | LiY-11X-O, 3x0,25mm <sup>2</sup> |
| Cable length                  | 5 m                              |
| Ambient temperature max       | +70 °C                           |
| Ambient temperature min       | -25 °C                           |
| Rated operating distance (sn) | 7 mm                             |
| Degree of pollution           | 3                                |
| Sensing face material         | Ceramic, coated                  |
| Housing material              | GD Zn                            |
| Mounting                      | flush mountable                  |
| Repeat accuracy max. (R)      | 5 %                              |

#### General data:

|                                     |  |
|-------------------------------------|--|
| Output indication                   | yes                                      |
| Short circuit protected             | yes                                      |
| Features                            | resistant to weld splatter               |
| Degree of protection IP             | IP67                                     |
| Additional text 1                   | Sn reduced by coating thickness by 0.2mm |
| Power Indication                    | yes                                      |
| Protected against polarity reversal | yes                                      |
| Approval                            | CE,c_ul_us                               |
